CITY MUNICIPAL COUNCIL MYSORE

Date 26th Feb 1944

From R Ramachandra Rao Bhombore, Esq ℔ B.A ,
[redacted]
PRESIDENT CITY MUNICIPAL COUNCIL
MYSORE

To V Vedavyasacharya, Esq , B A ,
Chief Secretary to Government of Mysore,
Bangalore

Sir,

I have the honour to state that there is a good deal of difficulty in getting fire wood in Mysore city The main reason for the scarcity of firewood appears to be want of transport facilities Consequently very few fuel carts come into the city and even these are commanded by Dallalies who advance money to them and control the price of fuel It is ascertained that fuel is sold at 2 mds a rupee and often even at this high price, it is not available The poorer classes are consequently put to great hardship The Municipal Council are anxious to help the citizens at this juncture I consulted the District Forest Officer, Mysore District, in this connection and he was kind enough to tell me that if lorries

5

are made available he would arrange for the supply of fire wood from the Forest at road side He definitely stated that the Forest Department cannot undertake transport arrangements, since no lorries are available with them or even on hire from private owners The Municipal lorries are old and reketty and unfit to carry heavy load or to be used on long distances

In the circumstances, the Managing Committee decided to approach Government for help in purchasing 5 lorries for the above purpose The resolution of the Managing Committee has been approved by the Municipal Council (copy enclosed)

The local lorry owners plead their inability to hire out their lorries, since they have already taken up large contractors I, therefore, request that sanction of Government may be kindly obtained for arranging the sale of four Lease and Lend lorries immediately to the Municipal Council, in view of the urgenc of the fuel question
